

DEAD OF NIGHT DISTILLERY

LOS ANGELES, CA

Our Story

As an independent craft distillery we aim to create high quality, interesting spirits made from exceptional raw material. We try to source as many ingredients from local farmers markets as possible. Using fresh lemon and grapefruit peeled at the peak of freshness - rosemary, basil and mint used in our gin the same day it's trimmed. Our goal is to create small batches of bold, exciting, challenging and complex spirits that reflect the Californian spirit. Our distillery may be small, but our spirits are big and bold.

	<i>single</i>	<i>6/750mL</i>
